# THE WORKFLOW

Every project is based on clients goals (vision, plan, timeline & budget). We start by responding to the clients, or developing a scope of work & budget forecast for the client as per a brief. We use a consensus-based process to achieve desired results. The following outline will guide you through our step by step approach:

# THE PROCESS

## DELIVERABLES

- Project Schedule • Research Report and Site Observations • Problem statement • Wayfinding Strategy • Design Goals • Outline of Sign Types • Draft Sign Location Plans • Draft Sign Message Schedules • Preliminary Sign Fabrication Budget • Draft Sign Location Plans

## DELIVERABLES

- Identify or Branding Design Recomendations • Approved Approach to the Design Vocabulary Using Selected Sign Types • Developed Details of All Sign Types • Refined Fabrication Budget Estimate • Design-Intent Documents • Final Sign Location Plan • Final Sign Message Schedule • Sign Specifications

## DELIVERABLES

- Fabricated and installed Product • As-Built Documents • Maintenance Manual • Clarification
